## **MITCHELL MARTIN ACQUIRES NEW YORK BASED IT STAFFING FIRM: EXPANDS METRO AREA CLIENT BASE**

Mitchell Martin, Inc. (MMI), a privately held New York based Information Technology staffing company, has acquired the operating assets of Spring Lake Consulting Inc.(SLC) a staffing and permanent placement firm located in Manhattan. SLC specializes in the placement of Information Technology professionals and business domain experts in banking, hedge fund and insurance industry verticals.

The transaction closed on July 18th and the terms of the agreement were not disclosed. After a period of integration, the SLC services will be brought under the Mitchell Martin brand.

SLC has been in operation for over 15 years and has been a trusted and long term supplier to its growing account list. Founded by technologists who continue to deliver client project work, the company established a reputation for its technical aptitude, domain expertise and reliability in filling the needs clients had for contract and full time roles.

“We are extremely pleased to have the Spring Lake team join us. They have excellent relationships with their clients and will really add to our presence in the mid-market, an area we are now expanding into. We will continue to seek acquisition opportunities like this as part of our growth strategy”, said Gene Holtzman, President and Founder of Mitchell Martin.

Mitchell Martin has been in business for 32 years and has grown almost all organically to over \$185M in revenues, with over 1,000 consultants on assignment today. Mitchell Martin currently does business in 38 states.
